Photo Release

Southshore Marina and Coast Guard Auxiliary partner for safety

LAKE MURRAY, SC – Carl Sundius, Southshore Marina owner, accepts a framed safety poster from the local Lake Murray Coast Guard Auxiliary on October 16, 2020. The poster, featuring a colorful “Wear It” graphic produced by the National Safe Boating Council, is a reminder for boaters to wear a life jacket and has been placed in the new Southshore Marina customer lounge. Barbara Burchfield, District Officer-Recreational Boating Safety Visitation Program, presented the poster and relayed the Coast Guard Auxiliary appreciation to Sundius for Southshore Marinas support of boating safety for many years. As a safety partner, Southshore hosts a location for free safety regulations, information, and brochures, provided by the Coast Guard Auxiliary for local boaters. Photo by Linda Warren.
